

**THE ANARCHISTS**  
Are Trevering the People of Seattle.  
Seattle, July 6.—This city was in a state of constant alarm all Tuesday night, and many of the prominent officials residents dared not seek their beds, fearing their residences would be blown up. The excitement was due to the fact that anarchists or other lawless persons were at work in various parts of the city, causing the explosion of bombs. Notwithstanding the extraordinary vigilance of the police, no arrests were made and the people are in fear and trembling lest Wednesday night shall bring a repetition of the outrage.

In one part of the city a bottle containing dynamite exploded on a house step, smashing the door and doing other damage. Senator Logan, president of the provincial council was passing by as the explosion occurred. The broken glass flew past him with great violence, but fortunately he escaped unhurt.

His bombs were found in the doorway of a house occupied by a merchant named Lauch. Those bombs were sufficiently powerful to have blown the building to pieces. Exploding in several other parts of the city, but no damage of moment was done. Extra guards are patrolling the streets and a strict watch is being kept on the public buildings.

**BRUTAL ATTACK**  
A Stationer-Noted Old Workman and Her Little Sister Mysteriously Missing.  
HARRISBURG, Ky., July 6.—There is intense excitement over the report of a terrible murder at John S. Ray's, three miles north of town.

About 9 o'clock Wednesday morning Mr. Ray's son ran into the house of a neighbor, telling him that his mother, Mary, aged about 10 years, had just been killed. She was found near a black berry patch with her throat cut and was then dead.

A smaller sister was missing and could not be found anywhere. The two girls had started out on a short walk, before to pick berries, and it is supposed a brutal attack was made on them probably for the purpose of assault.

The sheriff will, a large posse are scouring the country and if the guilty party is found mob violence will be resorted to on the spot.

**THE INSANITY DOG**  
Played By Van Loon, the Columbus Grove Murderer.  
COLUMBUS, O., July 6.—Frank Van Loon, the Columbus Grove robber and murderer, who is now sentenced to be hung in the penitentiary Thursday, arrived here last night Wednesday morning while his father, two sisters and attorney were pleading with the governor for a commutation of sentence. He broke into his bed, threw it out of the window, and lay down on the floor and refused to come out. He has eaten nothing for two days, and the officials expect trouble when the hour of execution comes. Van Loon is about six feet tall and is a powerful man.

**The Campesinos in a New Role**  
VALPARAISO, MALTA, July 6.—The battle-ship Campesinos, which ran into the Victoria during the recent maneuvers of the British Mediterranean fleet, arrived off Tripoli, arrived here Wednesday. She was escorted by the battleship Indefatigable. The Campesinos is the temporary flagship of Rear Admiral Markham, his crew of 1,000 men, the Tralgarne, being laid up here for repairs. The full extent of the damage sustained by the Campesinos in the collision has not been made public.

**The Beggar Assured Him**  
LONDON, July 6.—A report has reached this city from the United States to the effect that King George of Greece had abdicated, and the royal heir had been proclaimed. The Greek consul general here was seen Wednesday in relation to the report. He said: "This is the first news I have received of the abdication of King George." He laughed incredulously when the details of the report were repeated to him, and declared that the story was preposterous.

**Fire People Killed by Lightning**  
GABRIEL, Mich., July 6.—The house on the Joe Caves farm, four and one-quarter miles northwest of this place, was struck by lightning Wednesday morning and consumed. Five persons were burned to death. Five others were killed. One Mrs. Roberts is probably fatally hurt. The dead are Mr. Joe Caves, wife and child, of Silverwood; Mr. Frost, of Fortoria, and the ten-year-old son of Mr. Roberts, the tenant.

**Possessive Rule to Death**  
PITTSBURGH, July 6.—A Fairmount (W. Va.) school says Will Starn, a well known old operator, who, his wife and baby, were driving on Pedler's run when the horse became frightened and ran off. Mrs. Starn and baby were thrown from the buggy and he instantly killed, and Mr. Starn was so badly mangled that he will die. The horse fell over the cliff and was so badly injured that it had to be shot.

**A City Marshal Shot**  
TAMPA, Fla., July 6.—City Marshal Whitworth was shot and killed by Bird Stevenson, of Naples, Fla., while the latter was trying to arrest a disorderly sponge fisherman. Whitworth returned Stevenson's fire after he was wounded and with each effect that Stevenson will probably die. Whitworth died almost instantly after firing at his murderer.

**The Russian Squadron**  
St. Petersburg, July 6.—The Russian squadron has been ordered to sail into the Mediterranean after its return from America where the Russian fleet was on a visit. The fleet is expected to arrive in the Mediterranean for some time.

**RATE WAR.**  
The Inevitable Has Now Been Reached.  
Important Clauses of the Railway Agreement Violated  
By the Pennsylvania Company, and Cheap Excursion Trains From Cincinnati to Chicago With the Put on the 11th Inst.—Status to be Satisfactory.

CINCINNATI, July 6.—The inevitable has almost been reached. A rate war is now on in this city. The Pennsylvania railroad has aggressively and brazenly smashed the Chicago and Ohio River association agreement into smithereens. Wednesday night Samuel Moody announced that his road would on the 11th inst. run a cheap excursion to Chicago. He made the rate two cents per mile, and the rate on the 11th inst. would be ten cents per mile. He stated that the limit on all tickets will be ten days instead of four days. He stated that the excursion will be a daylight one, whereas the terms of the agreement call for night runs only for cheap excursions.

Mr. Moody in taking this step exonerates himself from the charge of bluffing and perpetrating a piece of humbug. This resolution on his part is the sequel to a series of contentions and spirited meetings between passenger agents in Chicago and Ohio river territory.

It will be recalled that General Passenger agent Ford, of this road, intercepted a strong protest against the terms of the agreement, in so far as it is related to the limit placed on tickets. After several ineffectual efforts he succeeded in getting a majority of the interested lines, and at that session, which took place in this city, he urged that the agreement be modified, that the clause relating to the four day limit be abrogated and a ten day clause be embodied. Passenger Agents Martin and McCormick, of the Big Four and H. and D. respectively, refused to make a single concession to Ford, and the meeting adjourned without result. Ford is nothing if not mysterious, and this obscure clause seems to long association to have been incited into Moody, his Cincinnati representative. To all appearances they accept the master in a philosophical way, and not a single action or movement on their part portended an infraction of the agreement. They have surprised their competitors, however.

**Strike at Indianapolis**  
INDIANAPOLIS, Ind., July 6.—About 300 laborers in the employ of the Indianapolis National City and the Indianapolis Street Railroad Co. and the Indianapolis Gas Co. went out on a strike at noon Wednesday. The street railroad men started by demanding \$1.00 a day, nine hours to constitute a day's work. This was refused. They had been receiving \$1.00 for ten hours. The gas line men claim their men were opposed to striking, but were persuaded by the others to leave their work. The strikers moved along the street in a disorderly manner, and violence was offered to those who were inclined to continue at work.

**Boating the New Shells**  
WASHINGTON, July 6.—Two twelve-inch armor piercing shells, made by the Carpenter Co., were tested at the naval proving grounds, Indian Head, Md., Wednesday. Five shells were delivered and in each the two fired were satisfactory. The remaining three will be in the test of the seventeen-inch armor plate for the target of the Indians. These are the first twelve-inch shells of this kind received by the navy. The tests Wednesday were apparently satisfactory but no report has been received from the board.

**Liberty Bell Day at the Fair**  
CHICAGO, July 6.—Liberty Bell day surpassed every day since the Centennial exposition opened. It seemed that every one who possibly could went out to Jackson park to swell the number and the enthusiasm, and to show the American patriotism is great enough to make American day the greatest of days. At 8 o'clock over 30,000 people had passed through the turnstile into the park, and were enjoying themselves thoroughly, and from that hour until 10 o'clock they continued to come.

**SMITH OF TEXAS.**  
Housekeeper of the House Will Be  
WASHINGTON, July 6.—In the organization of the house it is not at all improbable that E. R. Smith, of Texas, will be elected doorkeeper. Mr. Smith has strong backing from the members representing the south and west.

When the last congress was organized the fact that there were two candidates for the speakership from the southern states caused the south to waive a claim it had formerly made to the doorkeeper's place.

During recent proceedings the doorkeeper's place was accorded to the south, no matter which party had control. In the coming session the south as a section is not interested particularly in the candidacy of Mr. Crisp, for the reason that his election as speaker seems already assured. The southern members will, therefore, renew their claim for the doorkeeper's place, and so far as can be ascertained at present have agreed upon Mr. Smith as their candidate. His name will be presented by the Texas delegation, and his candidacy will be supported by southern and western members generally.

Mr. Smith's chief opponent will be Mr. Turner, of New York, the doorkeeper of the last house.

**THE ARMY BILL.**  
Polish Members Were Over, and It Can Now Proceed to Consider.  
BETHLEHEM, July 6.—The military bill will not go before a special committee—this was decided Wednesday—but will form the chief subject of discussion at this session, which will probably last until August 1. The Kaiser, it seems, has won over the Polish members, except one, to his side.

The leaders of the Centrum Wednesday night announced that a bill will be introduced on Friday denouncing an amendment of the law abolishing the Jesuits from the Fatherland. From this announcement it would appear that the Centrum, as usual, is open for business, "vive as back as possible," they say to the government, "and we will vote for your army bill."

It remains to be seen what the government will do. The Kaiser, although very tolerant in matters of religion, is opposed to the return of the Jesuits by principle, and it would never do to allow them to re-entrance Bavaria, and again take a foothold there. The Jesuits are enemies to the empire under a Protestant Kaiser, and would do their utmost to aid and abet the particularistic feeling in Catholic Bavaria.

**A BANKER'S DAUGHTER.**  
Not Permitted to Marry Her Disgraced and Can Not Be Found.  
NEW YORK, July 6.—The police have been asked to look for Miss Edith Drake, who has mysteriously disappeared. Her father had her apprehended and brought before Justice Grady about a month ago. Then she was given a private hearing at Jefferson Market court and was allowed to go upon promise to obey her father's commands. Her father is a member of the banking house of Drake, Munster & Co.

After the first court experience her father said she did not go there at all. He said she did not go there at all or she did not remain. For when her father called to see her she was not there. He has been unable to trace her. Miss Edith Drake is a handsome girl, aged 27. She is said to have been infatuated with a man named Samuel D. McElroy. It is said that her parents tried to allow them to be married on account of her mental condition.

Larger engines to turn 2,500 acres of wheat this fall and will put a headwind on the engine and by using two sets of handle, run the plow day and night. Only two men are required to operate the plow, which is capable of stirring the soil of land ten feet deep.

**St. Paul, Minn., July 6.**—The big steamer Bethel, anchored at the foot of Fifth street, and used for the past three years as a lodging and boarding house for about 200 people, was burned Wednesday night. Six lives were lost and several persons are missing. At 1 o'clock Thursday morning these bodies had already been recovered—those of Mrs. Deak, owner of the Bethel, and an unknown man and girl.
